Motivating

Once students know the final destination for their written project, they are motivated.

High Quality

Our books are very high quality for such a simple product. In all phases of bookmaking - cover stock, board, body stock and binding - we utilize high quality materials.

Versatile

These books come either all blank or with empty preprinted lines so they are not tied to any single project or grade level. "If it can be captured" (ideas, reports, lines of poetry, biographies, memories, pictures, facts), "it can be recorded" and enhanced with a Bare Book.

Keepers

We suggest that the finished products are keepsakes. It is proven at every conference we attend when young teachers come by the booth and mention that they did a Bare Book in school and each one knows exactly where their book is to this day.

Affordable

Compare the price of a Bare Book to the price of a greeting card and see the value. Actually, we encourage teachers to keep a few extra Bare Books around and when they would normally reach for a greeting card (students moving, a staff member leaving or on sick or maternity leave), grab a Bare Book and let the entire class or school express their feelings.

Choices

We aren't just offering a couple of blank hard cover books to meet your needs, we are offering 51 styles with various sizes and page counts that include:

- 14 Blank Covers
- 26 Printed Cover Designs
- 2 Landscape Bare Books
- 4 Books with More Pages
- 5 Books with Lined Pages

We are all about Blank Books!

Bare Books with More Pages

Books with more pages accommodates and encourages young writers to record thoughts and observations, and to keep on writing! Made of high quality paper and hard bound, these books have more pages than our original Bare Book.

Offer your class daily writing prompts or allow them to write about whatever subject they would like. Have your students write entries once a day and on Friday give them time to develop one of the entries into a poem or short story. This process could be repeated throughout the year, and at the end of the year each student can edit their final work and create an anthology of their writing.
